

# Biography

**Craig R. Sweet, M.D.**  
Reproductive Endocrinologist  
Medical & Laboratory Director

Craig R. Sweet, M.D., is board certified in Reproductive Endocrinology and Infertility as well as Obstetrics & Gynecology. His private practice, Specialists In Reproductive Medicine & Surgery, P.A. (SRMS), is located in Fort Myers, Florida. He is Founder, Medical and Laboratory Director of Embryo Donation International, the SRMS In Vitro Fertilization Program as well as the Southwest Florida Egg Donation & Surrogacy Programs.

Originally from Milwaukee, Dr. Sweet earned his bachelor of arts degree in psychology & biology from Northwestern University in Evanston, Illinois. He graduated with honors ([Alpha Omega Alpha](#)) from medical school at Southern Illinois University (S.I.U.) School of Medicine. He went on to complete his internship and residency in Obstetrics & Gynecology at S.I.U. During residency, his areas of research and publications included recurrent pregnancy loss, pediatric gynecology and genetics. He won awards for his research activities during his residency training.

Dr. Sweet received his sub-specialty training in Reproductive Endocrinology, Infertility and Genetics at the Medical College of Georgia. During and shortly following his sub-specialty training, Dr. Sweet became published in the areas of transvaginal sonography, recurrent pregnancy loss, male infertility, embryo transfer techniques, advanced ART laboratory techniques, ambiguous genitalia and molecular genetics.

Dr. Sweet is very active in patient, nursing and physician education and is a member of more than a dozen various professional organizations and medical societies. He currently serves on the Lee Memorial Health Systems (LMHS) HealthPark Ethics Consultation Group, the Pediatric Subcommittee of the HealthPark Ethics Consultation Group and on the Council of Ethical & Judicial Affairs at the Florida Medical Association. He is currently Past-President of the [Lee County Medical Society](#).

Dr. Sweet has been voted as the region's top Reproductive Endocrinologist by Gulfshore Life in 2004, 2005, 2007, 2008, 2009, 2010 & 2011. He is also frequently quoted in local and national magazines commenting on such topics as surrogacy, oocyte cryopreservation and especially, embryo donation. Dr. Sweet's current areas of research include oocyte cryopreservation, male-factor infertility and embryo donation. He has also written on contemporary issues including truth-in-advertising in the field of reproductive medicine.
