Consent for Criminal History Check, EDI

Reasoning:
It is the policy for Embryo Donation International (EDI) to perform a criminal history check (CHC) on single individuals seeking techniques through our facility in order to raise a child. These techniques will include, but not necessarily be limited to, donor insemination, conventional surrogacy and gestational surrogacy. In addition, we also perform a CHC on all Gestational and Conventional Surrogates.

While it is not uncommon for a single individual to raise a child alone in our society, it is understood that single parents are at a higher risk of inflicting child abuse and/or neglect. A single parent, therefore, constitutes an “at risk” population. If the single parent also has a violent criminal history, there may be compounded risks to the child. It is our intent to do whatever possible to protect the child and minimize the possibility of placing a child in an environment at risk for abuse/neglect.

The Commissioning Couple/Intended Parent requesting Surrogacy also wants to make certain that the individual carrying the gestation has not been involved in any significant criminal behavior.

What Is Screened:
At a minimum, EDI will screen at least one of the following specific to your state of residence:
1. Criminal History Check
2. Wanted Persons Search Page
3. Registered Sex Offenders/Predators

It is possible that EDI may expand the scope of CHC depending upon the particular circumstances.

Denial of Reproductive Services:
If an individual is found to have a history of criminal behavior through the CHC, EDI reserves the right to refuse reproductive treatment to this individual. This decision will be at the sole discretion of the medical staff of EDI.

Inclusion In The Medical Record:
This consent and the CHC itself will become part of your EDI medical record. Upon request for transfer of your medical records, if you do not want this consent and the CHC forwarded, please so specify and your request will be honored whenever possible. Otherwise, this information will be included with the rest of your medical record.

I, ________________________________ agree to have Embryo Donation International (EDI) perform a Criminal History Check (CHC) and that this information will become part of my medical record.
